On Nov. 19th, at 4:00 AM, an electrical fire broke out in the house next door to the Santiago Children's Ministries Outreach Center. The wooden home was completely consumed by the flames. Tragically, two women, ages 84 and 51, lost their lives.

The fire spread into our temporary meeting place – an old wooden home on our property, next to our new concrete and brick building, under construction. Two bathrooms and a laundry room were severely damaged, but thanks to the efforts of local firemen, Pastor Daniel Rojas, our son James, and son-in-law, Alejandro, our facility was spared from total destruction. The heat melted all our sound, video and electrical cables in our large meeting room. Our damages amount to around \$5,000.00 – a minimal cost, compared to what could have been. Please help us restore what was lost and continue forward in the development of a fire-proof, brick, steel and concrete facility, to minister to children at risk, in a safer place.

Thank you for your prayers and generous support. May God bless you richly.

Above - on the right - the charred ruins of our neighbor's home; the shed roof on the left covers our bathrooms, laundry and storage. Right:: our ministry washing machine's controls were melted by the heat. Below: the burned ceiling in the girls' bathroom.

Jim & Ester
